## [NHTSA Urges U.S. Drivers to Check for Recalls During Vehicle Safety Recalls Week](#)

## [National Digital Check Form](#)

We encourage you to visit the website for the digital checkup form, this will provide your respective counties with data that you can then use when applying for future child passenger safety funding.

The hard copy version of the new NDCF tool is available now. The Dashboard will have new variables and offer vehicle compatibility with car seats.

To read more about the use of the NDCF [HERE](#) is a very short policy brief recently released by the National Safety Council ([nsc.org](http://nsc.org)).

## We are here to support!
